No drama here. McConnell will stab POTUS in the back.

1 Come to think of it, I can picture Mcconnell as the lemonhead guy. Which is weird because his head is the wrong shape.... Oh well.

▼ He is unwilling to make a stand for trump when he doesn't know the ending. If he realizes the truth and reality of the situation he will magically start backing trump again. He must be removed from office as soon as possible.

▼ I'm not sure I believe that Mitch was ever "against" President Trump. I think he kind of likes his "bad guy" image and it makes the Democrats and Swamp over-confident because they think "Hah! President

▼ this, I don't think mcconnell and graham are the same kind of evil as the others. they could have just put trump out to pasture on the phony impeachment hoax if they wanted to. they're just in it for themselves, and will shift with the wind to save their own hides.

on the other hand, romney, bush, mccain... all cancer. they're certainly deep state shills, just phony controlled opposition.

▼ I'm not gonna lie, after the 'trust sessions' 'trust barr' thing, I'm done giving these politicians the benefit of the doubt. I trust Trump, I trust Rudy, I trust Powell, I trust people actively fighting for the republic. If Mitch or anyone else isn't actively fighting for us, they're assumed to be fighting for china and the deep state.

▼ he begged for SOS position at the WH, and Trump laughed him out the door, so all this is just vengeance in Romneys mind, he doesn't even really know the ground swell of support for Trump at this point to over-turn this fraud. Romney has always been a psycho driven by his ego, and nobody likes the dude, so when Trump destroyed his ego Romney only sees blood, he doesn't even comprehend what's coming.
